

part of the **cranbrook care** family

Clinical Care Manager

- **State of the art Residential Aged Care Facility**
- **121 beds – Low Care / High Care / Dementia Care**
- **Located in Wyong on the NSW Central Coast**

Cranbrook Care is a premier provider of aged care in Australia. We strive for exceptional **wellbeing** for our residents, physical and emotional **security** and **excellence** in both our staff service and built environment. We believe our people are pivotal to our success. We offer above award wages, exceptional staff amenities and professional training and development.

An exciting opportunity exists at our state of the art residential aged care facility, William Cape Gardens on the NSW Central Coast. We are currently seeking a suitably qualified Clinical Care Manager to join the management team of our modern, architecturally designed aged care facility.

Reporting to the Director of Care Services, and working alongside a second Clinical Care Manager, you will ensure that care is provided within a framework of person-centred, individualised care with a focus on wellness and companionship for residents.

You will have a current NSW Registered Nurse Registration, experience in a similar role within aged care and have demonstrated knowledge of Accreditation and ACFI together with a commitment to continuous improvement.

Interested applicants should email their resume to contact@williamcapegardens.com.au. Should you require any further information please contact Paul Selmes, Director of Care Services on 02 4392 4111.
